COLLEGE PULSE

FROM THE DESK OF THE PRINCIPAL

Dr. B. Sita Lakshmi

It gives me great pleasure to launch February month's "College Pulse" newsletter. This month our college has hosted a range of events and saw an increased participation from the student communities in various co-curricular, cultural and awareness programs. Such lively involvement builds team skills and fosters nurturing environment for students in addition to their curricular activities.

Our students have demonstrated deep knowledge and understanding in their respective subjects through student seminars and Science Day Celebrations. They showed exceptional love for their local communities by participation in local rallies and bringing awareness about Cancer among general public. Our students also took an active role in preserving our mother tongue and strengthening our cultural roots.

I would also like to thank all our faculty members and non - teaching staff, for their active involvement and guidance in making all the events successful.

I congratulate everybody for an "eventful month" and look forward to the same lively and enthusiastic contributions in the future.

THE VICE - PRINCIPAL & CHIEF EDITOR

Education should be such an instrument that the student community should be able to meet all challenges in life. They need to be skill oriented required by the industries for which employable skills are required to be adopted, the global market looks forward to meeting all its needs by the employable youth.

WORLD WETLANDS DAY

**Dr. B.Sita Lakshmi,
Principal addressing
students on the
occasion of World
Wet Lands Day on
02/02/2022.**

2nd Feb, 2022 was observed marking 'World Wet Land Day' by the Department of Botany in association with other departments. A meeting was conducted on the occasion and the Principal, Dr. B.Seetha Lakshmi elaborated the theme of the day by stating that the significant role in the ecosystem is they are the habitat for many aquatic flora and fauna.

The Lecturer in Botany Mr.P.Swamy Naidu impressed upon the students and urged them to save wet lands as the future of the living organisms completely depend on them. The other members also stressed on the need and importance spreading knowledge around the humanity. The meeting was concluded with an aim to create awareness to conserve wet lands for the betterment of the echo system and climate issues.

Govt.Degree College, Sabbavaram

World Cancer Day

4th Feb, 2022 was observed marking 'World Cancer Day' in Govt. Degree College, Sabbavaram. The program was jointly organised by department of Zoology in association with College NSS Unit and chaired by the Principal, Dr.B.Seetha Lakshmi who in her key note address said that Cancer is uncontrolled mitotic division which can occur any organ of the body. Usually mitotic division will take place in every organism so that new cells replace the damaged cells. But due to some unknown reasons uncontrolled cell division may take place that leads to Cancer.

A rally was taken out by the students under NSS Unit to create awareness among the public and the students shouted slogans with placards.

GOVT. DEGREE COLLEGE, SABBAVARAM

INTERNATIONAL MOTHER LANGUAGE DAY

21ST FEB, 2022 WAS OBSERVED MARKING 'INTERNATIONAL MOTHER LANGUAGE DAY' IN GOVT. DEGREE COLLEGE, SABBAVARAM. THE PROGRAM WAS ATTENDED BY THE PRINCIPAL DR.B.SEETHA LAKSHMI AND SENIOR FACULTY MEMBERS.

The Principal and Chairperson in her key note addressed has stated that the UNESCO declared World Mother Tongue Day in the year 1999 which was later approved by the UNO General Assembly. The Move helps preserve all languages in the world. There are approximately 3200 languages used on daily basis in the world. Each language is an evolution of thousands of years to get through the process to nurture into full pledged language. In the present scenario, the international languages impact some minor languages which will become endangered and disappear from the community. Telugu is also one of such endangered languages. The motto of the program was to preserve all languages especially endangered languages.

The program was concluded with positive remark and attended by the Principal and senior lecturers in Chemistry Dr. V.V.J. Gopala Krishna. Mr. P.Gopala Naidu, Lecturer and Head of the Department Telugu and Cultural Studies acted as Moderator for the program.

NATIONAL SCIENCE DAY,2022
